MEDICAL CERTIFICATE

Form BP-808 • Chronic Producer Posture

Patient name: _____

Producer name (if different): _____

Date of examination: _____

Hours in chair (last 24 h): _____

DIAGNOSIS

- ☐ Producer's Hunch (L-808)
- ☐ Headphone Skull Dent
- ☐ Chair Spin Vertigo
- ☐ Mouse Wrist
- ☐ Neck-Forward Syndrome ("monitor lean")
- ☐ Knee lock from MIDI keyboard on lap

FINDINGS

Spine shaped like a sidechain envelope: sharp drop, slow release. Patient reports pain only when not making beats, i.e. never noticed. Patient sat through a full 9-hour session to "find the right snare"; the snare was not found.

PRESCRIPTION

1. Stand up once every four hours (one bounce).
2. Look at something further than the monitor, e.g. the wall.
3. Replace the gaming chair with the same gaming chair, but sit up.
4. No refills. You will not follow this anyway.

The patient is excused from: carrying amps, bad posture shame, gym.
